

10.50 WARRIOR INDEX

This is an index style class designed to show case the GM LS/LT Engine, for participants wishing to run a heads up start 10.50 Index.

Any Make/Body vehicle permitted. Must be powered by a GM LS style or LT power plant. Racing seats are permitted. **Rental Cars Prohibited from Competition.**

TIME TRIALS

For 10.50 Warrior Index participants there will be 3 scheduled time trials.

QUALIFYING \ ELIMINATIONS

The class will be an all run class with vehicles randomly paired in the first round. In the second round vehicles will be qualified by positive reaction time (r/t) closest to “.000” based on a Pro .500 Tree from first round. “.000” is considered perfect. Any negative r/t (-.001, -1.231, etc.) will be placed at the bottom of the qualifying ladder, the more negative the r/t is, the farther down the ladder the run will be placed. For cases in which identical reaction times are made, qualifying position will be based on a first-come first served: the first occurring r/t will be placed #1, the second occurrence of said r/t will be placed #2, and so on. Class will be laddered according to qualifying positions following the first round, and then advance through eliminations. This class will initially qualify by closest to 10.50 index without going under the index. Qualifying runs under the index will be placed on the bottom of the qualifying sheet. The qualifying sheet will be used for the potential first round BYE.

LADDER TYPE

All Run, Heads –Up 10.50 Index, NHRA Sportsman Ladder, Pro .500 Tree, Courtesy Stage.

INDEX: Index:

10.50

OIL RETENTION DEVICE:

Diapers Recommended on all entries.

Only 100 lbs. of removable ballast permitted including Weight Box. Weight Box must be LS Fest/NHRA accepted type and installed meeting LS Fest/ NHRA Requirements. Loose or Disguised Ballast will result in Disqualification from the Event, regardless of whether the infraction occurs during time trials, qualifying or eliminations.

TWO STEPS:

Two-Step Permitted. Trans brake permitted. Laptops in car are prohibited during eliminations.

BRACKET RACING AIDES:

Delay boxes, cross-over boxes, or any “reaction-time related” electronic bracket racing aids prohibited in this class. All Electronic Throttle Stops and related throttle-stop type accessories prohibited. Electronically Controlled Pneumatic, electric, hydraulic, etc. shifters prohibited. All Trans brake buttons must be on the approved NHRA list.

APPEARANCE

All cars in competition must be painted or wrapped. Advertising graphics are permitted on the body.

1. LS Fest Windshield Banner: Decal needs to be located on the top of the windshield or just above the windshield located on the body.
2. Class Sponsor: Decal must be located on the passenger's side lower portion of the windshield.
3. Class & Competition Numbers: Numbers must be easily visible/legible and located on the front, back, and both side windows.

DRIVER

The driver when in the vehicle, from the ready line until the vehicle is safely stopped on the return road, is required to have all safety restraint systems (including the helmet) on and be securely fastened in the vehicle at all times.

CREDENTIALS

A Valid state or government issued driver's license beyond a learner permit level mandatory for cars running 10.00 or slower.

Note: It is ultimately the competitor's responsibility to familiarize themselves with the class requirements as well as all NHRA safety requirements. The competitor agrees they bear the ultimate responsibility when it comes to safety and how it complies with the LS Fest and NHRA rule books. The competitor also agrees that no one else other than the competitor is in the best position to know about how their particular race car has been constructed and how to safely operate it.
